Description :

PDF-3558b | New York City boasts one of the most famous skylines in the world, and the Empire State Building is undeniably the focal point of this incredible view. At 102 stories, the structure was no small feat. In fact, its construction coincided with the onset of the Great Depression, and so progress was met with numerous setbacks. Still, because of the efficiency that went into the building's development,... *Where Is the Empire State Building?*
